

Children's Step + Rail Assembly Instructions

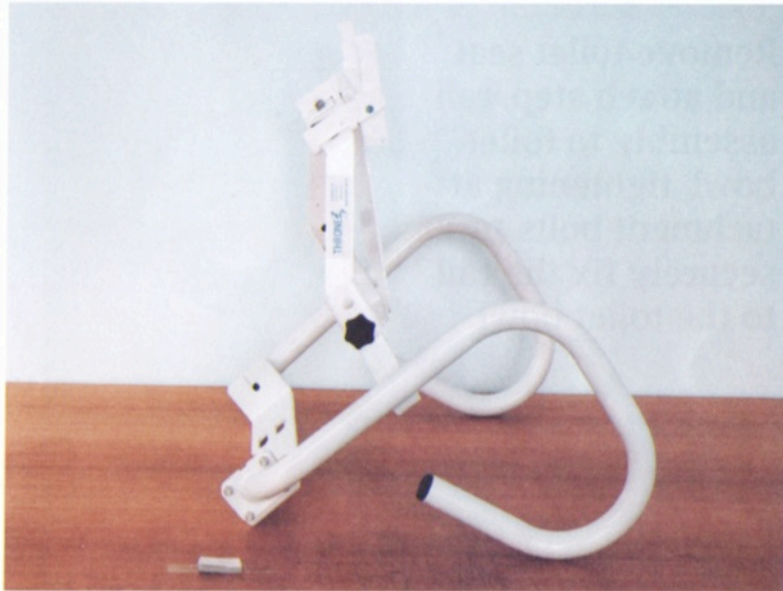

Package contents

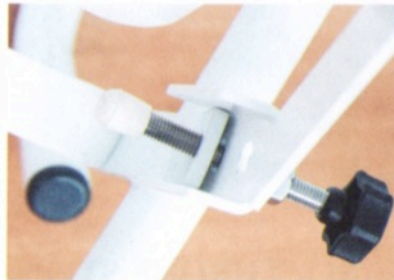

1. Step Arms
 - a. Width Adjustment
2. Nuts
3. Adhesive Rubber Strip
4. Bolts & Rubber Stoppers
5. Throne Toilet Rail
 - a. Connecting Brackets

Assembly Step 1

Turn Throne Rail over and attach step arms to connecting bracket as shown. See below picture to see how attachment bolts fit. Nut must be tightened as shown to bring step arm and rail bracket together to stop lateral movement.

Assembly Step 2

Remove toilet seat and attach step/rail assembly to toilet bowl, tightening attachment bolts to securely fix the rail to the toilet bowl

Affix rubber strip to protect bowl from step in the upright position as shown.
